

BTEC First Extended Certificate Health and Social Care Level 2

Equivalent to 2 GCSE grades A*-C

There is no written examination

100% coursework

One year course

Course is made up of 4 units

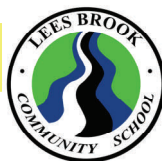

Units:

- Individual needs in Health and Social Care
- Ensure Safe Environment
- Anatomy and Physiology
- Impact of Diet on Health

You can go on to do advanced qualifications in Health and Social Care which can lead on to:
Careers in Nursing, Midwifery, administration within the NHS, Health Service Manager, Social Worker and many more.

"I chose the course because it is a good level 2 to have for the future. We did fun activities which helped us with the work. It also gave us good experiences of what to expect if we went on to work in a Health and Social care environment"
