

BTEC Extended Certificate in Performing Arts Performance

One year course

Equivalent to 2 GCSE's A*- G

This course is suitable for anyone who is keen to get practical experience of working in any of the performing arts. It is designed for you to develop skills you already have, as well as learn new ones. It is an ideal course for anyone who has an interest in more than one of the performing arts, and wishes to go on to do further study in this area.

Throughout the course you will take part in Dance and Drama as well as learning what it is like to work as a professional in the industry. You do not need to be an expert at both dance and drama to take this course, but do need to be willing to participate in both, and have a strength in at least one. It is an excellent course for developing your confidence and teamwork skills which are an important part of the subject.

You will do at least one compulsory module which will be selected from the following list:

- **The development of Drama**
- **The development of Dance**

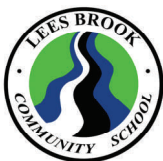

You will also complete two other units which will be selected from a wide range of options which cover all areas of the performing arts (including options in dance and drama in a range of different ways)

During this you will learn practical techniques of the performing arts, and then apply them to both practical and written assessment. You will be assessed by your teacher and then externally moderated.

You can go on to do A Levels in Performing Arts, Drama, Dance, Music and BTEC Level 3 in Music. A career in Theatre, film and television in front or behind the cameras, behind the scenes career in media such as journalism. Also careers in the arts as an organiser or a manager such as Theatre or events manager and administration. Any job where confidence and personal presentation skills are a requirement.

"I chose Performing Arts, Performance, as it covers the whole aspect of performing, you get to do Dance and Drama. You learn new skills and can improve on what you already know. It also builds confidence which can be used in day to day life"
