Reg Office: Thoresby Road, Long Eaton, Nottingham, NG10 3NP

A FOUNDING MEMBER OF

The course includes 3 units in total which will be studied over two years.

Maintaining the built environment -

Students will identify faults in buildings and then plan and repair the faults using practical skills.

Sustainable built environments -

Students will investigate how the building and maintaining of the built environment impacts on peoples lives and communities.

Adding value to the built environment -

Students will produce a piece of controlled assessment work to investigate how an area can be improved by carefully planning developments to the built environment.
