

NCFE Level 2 Technical Award **ICT/iMedia**

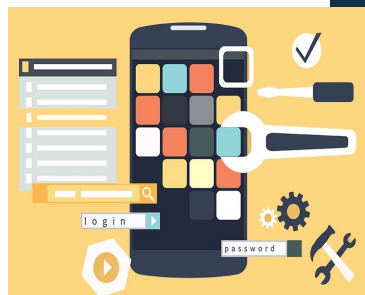

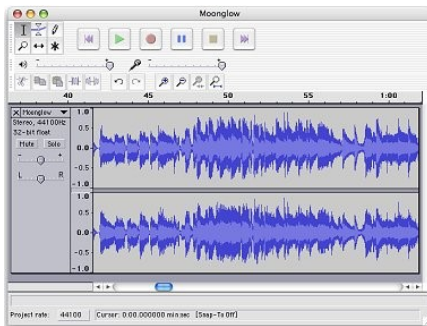

2019-2021

This course is fun and exciting, it gives students a real life insight of the world of ICT, Media and Graphic Design.

What will the learner study as part of this qualification?

This qualification shows learners how to:

- identify and experiment with interactive media products, materials, techniques and processes
- explore the interactive media industry
- work to interactive media briefs, refining, developing and selecting ideas
- form a interactive media portfolio.

Future Prospects

Students can go onto study
A Levels
BTEC
Technical Awards
Apprenticeships

Students may then go onto study courses at university such as
Information Technology
Game Design
Interactive Media
Web development

Students could also go on to pursue careers in
Graphic Designer
Product/Brand Manager
Illustrator
Typographer
Brand Designer
Creative Director
Technical Illustrator
Packaging Designer
Editor
Art and Design

This Level 2 qualification is appropriate for learners who are looking to develop a significant core of knowledge and understanding in interactive media, and an understanding of how to apply their learning to the interactive media sector.

The course is split in to 4 units that are all controlled assessment projects and then an exam.

The exam is styled like a real life brief that students have to answer within a set number of hours —very similar to the projects students will do for the 4 units of work.

Learners who achieve this V Cert qualification could progress onto Level 3 qualifications and A Levels, such as:

- Level 3 in Game Design
 - Level 3 Certificate in Interactive Media
 - Level 3 Applied General Certificate in Art and Design
- other Level 3 qualifications (including Advanced GCSE) in creative and media related subjects.
