Reg Office: Thoresby Road, Long Eaton,  
Nottingham, NG10 3NP

A FOUNDING MEMBER OF

This course is fun and exciting, it gives students a real life insight of the world of Graphic Design.

What will the learner study as part of this qualification?

This qualification shows learners how to:

- identify and experiment with graphic design components
- explore graphic designers, their work and working in the industry
- work to graphic design briefs, refining and selecting ideas
- form a graphic design portfolio and explore creative direction.

The course is split in to 4 units that are all controlled assessment projects and an exam.

The exam is styled like real life brief that students have to answer within 10 hours—very similar to the projects students will do for the 4 units of work.

The exam is worth 50% of the overall grade
