

Dear Parent/Carer(s),

Tuesday 5th March 2022

RE: Lunchtime Study Support Letter

I am writing to inform you that your child has been identified to attend extra study sessions in Science to help improve their progress. Students have been selected based on their progress in lessons and their performance in the trial exams. Intervention is important to ensure your child remains on track to reach their potential going into their GCSE exams this summer.

The purpose of these sessions is to address areas of weakness and provide additional support. Staff will assist in filling gaps in your child's knowledge and give them the opportunity to practice exam style questions before the final exams.

The sessions will take place on a Friday lunchtime between 12:20 and 1pm and students will be allowed to eat as they work.

It is strongly advised that students attend these sessions. Please contact the school if you have any questions.

I appreciate your ongoing support.

Yours faithfully

Andrew Thomas

Head of Science
