# How does Go4schools work?

1. All up to date assessment data is entered into Go4schools by staff
2. Parents and students log into Go4schools using their home email address (once it has been given to the school)
3. Detailed, up to date assessment and attendance information is displayed

# Accessing achievement data

- Data will only be available online.
- This gives a much greater level of data than termly reports.
- Termly reports are available by post if requested
