Dear Parent/Carer,

GO 4 Schools is a piece of software we use to communicate with parents and students. It is important that all parents log in to GO 4 Schools and Download the Mobile APP, as we use this as a form of communication.

Using GO 4 Schools, you will be able to view your child's progress online and access the following information at any time:
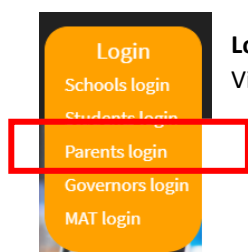

- **Real-time assessment information**
- **Homework**
- **Attendance**
- **Timetable** – Your child's daily and weekly timetable
- **Progress Reports** – Reports we publish throughout the year
- **Behaviour information**

Your child's page is constantly updated, providing you with the latest information.

To access the site, please go to www.go4schools.com and click on the Parents icon at the top of the main page to arrive at the log-in screen. The email address you use to enter the site **must be the one** we have registered in our database for you.

If you are unsure of your registered email address or would like it updated please send an email to
schoolinfo@leesbrook.co.uk

To request a password for GO 4 Schools, please enter your email address into the First-time User field and click 'Please send me a password'. A randomised password will then be generated and sent to your email address. You will then be able to log into the site and view your child's page. **Once you have completed this registration, we recommened that you download the GO 4 Schools Mobile APP, it is free to download from the Apple and Android App stores.**

Logging In
Visit www.go4schools.com and click 'Login' in the top right corner, select 'Parents login'

Parents need to log in as a first-time user and GO 4 Schools will authenticate their email address taken from the school database. Once logged in the parent can access all children at the same school.

Yours faithfully,

Steve Geary
