

## Lees Brook Academy

19 January 2024

Dear Parent/Carer,

Your child has been chosen by their English teacher to take part in an exciting six week programme designed to advance their study skills and raise aspirations with regards to higher education. The programme is called Steps to Success and will be in the form of hour long workshops, during school time, where an external provider will come into school to deliver the following:

- Week 1: Critical Thinking
- Week 2: Goal Setting and Self-Efficacy
- Week 3: Resilience
- Week 4: Metacognition
- Week 5: Revision and Exam Preparation
- Week 6: Communication: Talk the Talk Workshop

Places on the programme are limited so your child has been nominated as a student who is hard working and may benefit from the additional opportunity to engage with the course. We hope they will find the opportunity a success and will be able to use the skills they develop across their subject areas.

The programme is ran by DANCOP and we ask that you click on the link below in order to read more about them and to complete a short form.

We look forward to working with your child across the programme.

Sarah Meakin  
Lead Teacher of English at Lees Brook Academy
